

Mini Crawlers

Used Mini Crawler Roseville - We have designed numerous programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the experienced operator who needs certification or re-certification, and for inexperienced operator who is looking for work in the industry. Crane operator positions are high because of their high rates of pay. Crane operators are among the highest paid of whichever operator of heavy machinery. Our Crane Operator training provides instruction for various mobile cranes. Course subject consists of Crane Set-up, Wire Rope, Lift Planning, Load Dynamics, Load Charts, Rigging, and Signaling. The Crane Training School program is best for riggers, supervisors and operators. Course materials consist of an informative and manual hand-outs. The safety guidebook that is illustrated consists of 100 to 250 pages, which depends on the course, of useful and important material. Course materials consist of load exercises and load charts for the crane with which the trainee is working. Over half of the course comprises Hands-On Safety Training. Practical training is useful for developing and increasing personnel skills levels. Just qualified journeyman crane instructors are chosen to teach the courses. Our instructors possess many years of business experience. For all the course we provide, we could include optional testing mechanisms to customize your training. A skills test is normally administered for programs that include H.O.S.T. Trainees would be graded and tested. Certification Training Programs: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Rigging / Signalperson Training and Certification; Articulated Boom / Knuckleboom Cranes; In-The Seat Training and Testing & Certification.
